# CONSIDER OUR CULTURAL FUTURE WHEN YOU VOTE ON 23 MARCH

NSW is by far the wealthiest State in Australia but ranks 6th out of the 8 States and Territories for per capita funding of the Arts.

The Liberal Government is delivering deals to its friends and allies but failing to deliver on the Arts.

84.6% of NSW attends one or more art event annually.

More funding for the Arts is vital for our culture and identity, and for the economy.
