## The Powerhouse Parramatta

The vision for the New Powerhouse will set a new benchmark in cultural placemaking for Greater Sydney and will be a symbol of a new approach to creative activity and engagement. The New Powerhouse will be the sixth time\* that the Powerhouse has moved and transformed in response to the needs of a changing city. More information about the New Powerhouse is on the [New Powerhouse webpage](#).

The Government has previously announced the Business Case would be expanded to include an arts and cultural space in Ultimo so that it could consider the best possible use of the space at Ultimo. A masterplan will be developed for Ultimo followed by a rigorous Business Case process. When this is finalised an announcement will be made by Government.
