Greenban March to Save Willow Grove Tuesday 17th November.

Jack Munday saved The Rocks with the GreenBan marches of the 70s - now it is time to march on Parramatta to save our heritage in the heart of Parramatta.

Despite the NSW Government announcing they have 'saved' Willow Grove by proposing to move it from its garden setting, effectively demolishing it and building a replica in an unidentified location in Parramatta, the community along with heritage experts and the CFMEU do not accept this as saving our heritage.

The CFMEU GreenBan is still in place. Willow Grove must remain at the place it was built 140 years ago at 34 Phillip Street, Parramatta.

We will march (Covid safely)) from the corner of George Street and O'Connell Street (at Parramatta Park) down to Horwood Place and finish at Willow Grove on Phillip Street for speeches from NPRAG, CMFEU and Darug Elders. PLEASE COME AND JOIN US !!

SCHEDULE - Tuesday 17th November 2020
