In preparation for the lodgement of the second stage State Significant Development Application (SSDA2) to the NSW Department of Planning and Environment (DPE), community consultation on the Powerhouse Ultimo design will commence in February 2023.

We invite the public to join us at public information sessions held at Powerhouse Ultimo where project team members will be present to discuss plans and respond to community questions and feedback. Sign up below to receive updates, including links to register for upcoming sessions.
